BNPP shall at all times be entitled to make any payment for which a demand has been made without further investigation or enquiry and without any reference to or further authority from the Borrower or any other person and need not be concerned with the validity, genuineness, propriety, accuracy or legality of any claim or any document made, submitted or purported to be made or submitted under and in the manner required by the terms of such Facility nor is BNPP required to ascertain or verify the authority or the genuineness of the signatures of any person signing any claim or such document made, submitted or purported to be made or submitted under such Bank Instrument; accordingly, it shall not be a

defence to any demand made of any Obligor under the Facility Documents, nor shall any of such Obligor's obligations under the Facility Documents be affected or impaired by the fact, that BNPP was or might have been justified in refusing payment, in whole or in part, of the amounts so claimed for such reasons.

- (b) If BNPP agrees to any request from the Borrower for the issuance of a Bank Instrument without any amendment or otherwise with drafting imposed by the Beneficiary of such Bank Instrument (i.e. issuance of a Bank Instrument on a "no change" basis), the Borrower agrees and accepts that this is on the condition that the Borrower shall assume full liability and responsibility for the issuance of such Bank Instrument on a "no change basis" in the event that the text of the Bank Instrument that BNPP may issue in accordance with the Borrower's instructions is not deemed suitable for the Beneficiary, or may cause risks or loss to the Borrower, including (without limitation) a refusal of a tender in any invitation to tender, any dispute between the Beneficiary, BNPP and the Borrower or any other person and/or BNPP not being able to release the Borrower from its obligations under the Bank Instrument.
- (c) If BNPP agrees at the Borrower's request to issue a Bank Instrument in a language other than English, the Borrower hereby releases BNPP from any liability in connection with the use or interpretation of such other language.  - (i) amend, or acquiesce in any amendment of, any document or instrument relating to any underlying transaction to which a Bank Instrument relates; or
 - (ii) enter into any agreement, arrangement or understanding with a Beneficiary,in each case in any way which could increase BNPP's exposure or alter the nature of BNPP's risk under any Bank Instrument.
- (e) To the extent that any Bank Instrument is issued by a Correspondent Bank rather than by BNPP itself, the relevant provisions of the Facility Documents shall apply as if such Bank Instrument had been issued by BNPP, and in addition any references in the Facility Documents:
 - (i) to any such Bank Instrument shall (where the context requires) be construed to include any guarantee, indemnity, reimbursement or similar arrangements between BNPP and the Correspondent Bank; and

- (h) BNPP shall not be responsible to ensure that the Facility is used for the purposes set out in the Facility Documents.

3. Drawings in an Alternative Currency

- (a) The Facility is made available in the currency identified in the Table (the "**Base Currency**") but, if requested by the Borrower(s), BNPP may, subject to availability of funds and of the applicable Interest Rate, and subject also to applicable laws, regulations and rules, make any individual Facility available in such other currencies as BNPP may agree from time to time (each an "**Alternative Currency**").
- (b) Unless otherwise agreed between the Borrower(s) and BNPP, any payment of principal or interest payable in connection with a Drawing denominated in an Alternative Currency is payable in the same Alternative Currency.
- (c) If one or more Drawings are denominated in an Alternative Currency and on the Business Day prior to the date upon which any principal, interest, commission or fee is payable under the Facility and/or such other date as determined by BNPP (the "**Relevant Date**"), BNPP determines that the aggregate Drawings under an individual Facility exceed its Individual Facility Limit, the Borrower(s) shall, at the request of BNPP, repay an amount of the relevant individual Facility or provide cash cover in respect of relevant contingent liabilities on the Relevant Date. The amount of such repayment or cash cover shall be an amount sufficient to ensure that following such repayment or receipt of cash cover the aggregate Drawings under each individual Facility do not exceed its Individual Facility Limit.

- (d) In determining whether the aggregate Drawings under an individual Facility exceed its Individual Facility Limit, BNPP shall convert any Drawings in an Alternative Currency into the Base Currency at a rate determined by BNPP in its absolute discretion.
- (e) If the Borrower(s) provide cash cover, the relevant Borrower(s) shall deposit the relevant amount in an account in the name of the relevant Borrower(s) and maintained with BNPP. Without prejudice to the terms of any security document which the Borrower(s) may have signed with BNPP, until there are no Outstanding Amounts under the relevant Facility, withdrawals from the account(s) may only be made to pay BNPP amounts due and payable to it under the Facility Documents in respect of the relevant Facility.
- (f) In the event BNPP is unable or it is impracticable for BNPP to grant or continue to grant all or any part of the Facility in the Base Currency by reason of any of the following:
 - (i) changes in national or international financial, political or economic conditions or currency availability or exchange rates or exchange controls; or
 - (ii) it becomes unlawful, or illegal under, or contrary to or additional conditions have been imposed by any laws, regulations, directives, ruling or guidelines of any governmental or non-governmental or statutory authority for BNPP to grant or to continue to grant the Facility in the Base Currency,

then notwithstanding any other provision of the Facility Documents, BNPP shall have the right in its absolute discretion to convert the Base Currency into an Alternative Currency as selected by BNPP, with prior notice to the Borrower(s) to the extent reasonably possible.

4. **Interest**

- (a) Interest shall accrue daily on the principal amount outstanding under the relevant Facility on the basis of actual number of days elapsed and a year of 360 or 365 days (depending on the relevant currency (as determined by BNPP)).
- (b) If any day for which a Drawing under the Overdraft Facility is outstanding is not a Business Day or an RFR Banking Day, the rate of interest on that Drawing for that day will be the Overdraft Reference Rate applicable to the immediately preceding Business Day or RFR Banking Day.
- (c) BNPP may, for its convenience, consolidate outstanding Interest Periods in respect of different Drawings under the same Facility to ensure that the relevant Drawings have the same repayment date.

(d) Compounded Rate Loans

- (i) Interest will be calculated on each Compounded Rate Loan for each day during an Interest Period at the percentage rate per annum which is the aggregate of the applicable Compounded Reference Rate for that day and the relevant Margin. If any day during an Interest Period for a Compounded Rate Loan (other than a Compounded Rate Loan denominated in SGD) is not a RFR Banking Day, the rate of interest on that Compounded Rate Loan for that day will be the rate applicable to the immediately preceding RFR Banking Day.
- (ii) If pursuant to the Facility Documents any accrued interest on all or any part of a Compounded Rate Loan denominated in SGD or an overdue amount relating to a Compounded Rate Loan denominated in SGD becomes payable prior to the last day of an Interest Period for that Drawing or overdue amount, that Interest Period shall:
 - (1) for the purposes of calculating that accrued interest only, and in relation only to such part of that Drawing or overdue amount to which that accrued interest relates, be treated as ending on the day on which that accrued interest becomes payable pursuant to the Facility Documents; and
 - (2) for all other purposes under the Facility Documents, continue to end, and shall be treated as ending, on the last day of that Interest Period.
- (iii) BNPP will promptly, upon an interest payment amount being determinable for each Interest Period for a Compounded Rate Loan, notify the Borrower(s) of the interest payment amount that is due at the end of such Interest Period and if the Borrower(s) so request, each applicable rate of interest relating to the determination of that interest payment amount for such Compounded Rate Loan. This Clause 4 shall not require BNPP to make any notification to any Borrower on a day which is not a Business Day.
- (iv) Where any Interest Rate is to be determined in relation to a Compounded Rate Loan other than a Compounded Rate Loan denominated in SGD, BNPP shall promptly notify the Borrower if BNPP determines at any time that:

- (1) there is neither an applicable RFR nor an applicable Central Bank Rate for the purposes of calculating the Daily Non-Cumulative Compounded RFR Rate for an RFR Banking Day during an Interest Period for a Compounded Rate Loan; or
- (2) before close of business on the RFR Banking Day on which the Interest Rate is to be determined, the cost to it of funding the relevant Drawing from whatever source it may reasonably select would be in excess of the relevant RFR Market Disruption Rate.
- (v) If paragraph (1) or paragraph (2) above applies, the Interest Rate applicable to the Compounded Rate Loan for the relevant interest period will be determined by reference to the Cost of Funds instead of the relevant Compounded Reference Rate.
- (vi) Where any Interest Rate is to be determined in relation to a Compounded Rate Loan denominated in SGD, BNPP shall promptly notify the Borrower if BNPP determines at any time that a Benchmark Discontinuation Event has occurred, in which case, then the Interest Rate applicable to the Compounded Rate Loan denominated in SGD for the relevant Interest Period will be determined by applying the RFR Fallback Rate in the manner as set out in the Reference Rate Terms for SGD.

(e) Term Rate Loans

- (i) Interest will be calculated on each Term Rate Loan for an Interest Period at the percentage rate per annum which is the aggregate of the applicable Term Reference Rate and the relevant Margin. BNPP will promptly notify the relevant Borrower of the determination of a rate of interest relating to a Term Rate Loan.
- (ii) Where any Interest Rate is to be determined in relation to a Term Rate Loan, BNPP shall promptly notify the Borrower if, BNPP determines at any time that:
 - (1) at or about noon on the applicable date on which interest is to be determined by BNPP, either (A) no Screen Rate is available for the currency of the relevant amount or (B) no Screen Rate is available for a period equal to the required Interest Period and (if applicable) it is not possible to calculate an Interpolated Screen Rate for the relevant period; or
 - (2) before close of business on the applicable date on which interest is to be determined by BNPP, the cost to it of funding the relevant Drawing from whatever source it may reasonably select would be in excess of the relevant Term Reference Rate; or
 - (3) (in relation to any Drawing yet to be granted) before close of business on the applicable date on which interest is to be determined by BNPP, the relevant currency is not available to BNPP in the amount and for the period required.
- (iii) If paragraph (1) or paragraph (2) above applies, the Interest Rate applicable to the Term Rate Loan for the relevant Interest Period shall, subject to the immediately succeeding paragraph below, be determined by reference to the Cost of Funds instead of the relevant Term Reference Rate. If paragraph (3) above applies, such Drawing shall not be granted.
- (iv) If a Screen Rate Replacement Event occurs for any Term Rate Loans, on and from a Screen Rate Replacement Event Date:
 - (1) (in the case of a Screen Rate Replacement Event relating to EURIBOR and Term Rate Loans (or other sums) in euro):
 - (A) Term €STR plus €STR CAS will be used in place of EURIBOR for the calculation of the Interest Rate for Term Rate Loans (or other sums) in euro; or
 - (B) if after giving effect to (A), no Term €STR is available, the Compounded Reference Rate for euro will be used in place of EURIBOR for the calculation of the Interest Rate for such Term Rate Loans (or other sums) in euro, the euro will be deemed to be a Compounded Rate Currency and such Term Rate Loans (or other sums) in euro will be deemed to be Compounded Rate Loans,

provided that in all cases where the Screen Rate Replacement Event Date falls prior to the last day of any Interest Period for a Term Rate Loan (or other sum) in euro, then EURIBOR will continue to apply to such Term Rate Loan (or other unpaid sum) for the remainder of that Interest Period and EURIBOR will be replaced on and from the first day of the next Interest Period (if any) for that Term Rate Loan (or other sum) in euro;

- (2) (in the case of a Screen Rate Replacement Event relating to CME Term SOFR and Term Rate Loans (or other sums) in USD), the Compounded Reference Rate for USD will be used in place of CME Term SOFR for the calculation of the Interest Rate for such Term Rate Loans (or other sums) in USD, USD will be deemed to be a Compounded Rate Currency and such Term Rate Loans (or other sums) in USD will be deemed to be Compounded Rate Loans, provided that where the Screen Rate Replacement Event Date falls prior to the last day of any Interest Period for a Term Rate Loan (or other sum) in USD, then CME Term SOFR will continue to apply to such Term Rate Loan (or other unpaid sum) for the remainder of that Interest Period and CME Term SOFR will be replaced on and from the first day of the next Interest Period (if any) for that Term Rate Loan (or other sum) in USD; and
- (3) (in the case of a Screen Rate Replacement Event relating to any other benchmark rate and Term Rate Loans (or other sums) other than as specified in paragraphs (2) and (3) above) the applicable replacement screen rate for the calculation of the Interest Rate for Term Rate Loans (or other sums) would be that reasonably specified by BNPP, provided that where the Screen Rate Replacement Event Date falls prior to the last day of any Interest Period for a Term Rate Loan (or other sum) in the relevant currency, then such benchmark rate will continue to apply to such Term Rate Loan (or other unpaid sum) for the remainder of that Interest Period and such benchmark rate will be replaced on and from the first day of the next Interest Period (if any) for that Term Rate Loan (or other sum) in that currency.

5. Right of Review

 - (ii) acknowledges that the giving of any communication or instruction by telephone, facsimile, electronic mail or any other electronic means communication is an insecure means of communication and is exposed to inherent network and intrusion vulnerabilities, that BNPP makes no representations or warranties whatsoever as to the security, completeness or integrity of any information, communication or instruction transmitted via such means, that BNPP shall not be responsible for any loss of security or integrity or breach of confidentiality arising from the use of such form of communication, and further that any communication or instruction transmitted via such means may not be read or executed by the recipient at all or in a timely manner; and

Nor will the Foreign Obligor challenge the validity of the transaction, defend or justify non-performance or its breach of a Facility Document or allege that the enforcement of a Facility Document by BNPP in any applicable jurisdiction (including its jurisdiction of incorporation) is against public policy on the basis that it is only executed and prepared in English.
